

# Biweekly Mortgage Association

## Electronic Fund Transfers (EFT) — Safest Money in the World!

### *What Are the Benefits of EFT?*

- Save postage, time, and headaches from checks being delayed in the mail or stolen.
- Stop worrying about paying a bill late when you're traveling.
- Personal record-keeping is easier and safer.

### *How Do I Know My Money Is Safe?*

Electronically transferred dollars are insured by the U.S. Government and the FDIC (Federal Deposit Insurance Corporation) under Regulation E.

### *What Does Regulation E Mean to Me?*

Regulation E safeguards electronically transferred dollars. You are entitled to a 100% refund if funds are automatically transferred from your account without your authorization.

To benefit from secure automated transfers and customize the biweekly to fit your needs, call **1-800-248-8840**.
