

***\$561 a MONTH LOSS by NOT ENROLLING TODAY!\****

**Thank you for your continued interest in the Biweekly Mortgage Association.**

No homeowner likes to lose money, but by not enrolling in the biweekly you lose money each month.

In addition to learning how much interest you will save and how much more equity you will have in 5 years and 10 years, would you like to know how much you are losing each and every month you do not use the Preferred Biweekly payment plan?

Let's talk and do your "detailed" loan analysis with our new software, today!

To customize the biweekly to your needs and find how *saving by enrolling now instead of waiting will stop the monthly loss*, call **1-800-248-8840** today!

Sincerely,

*William Thomas* – BWMA Founder

\*\$150,000 loan, 7% interest, 30 year term, \$200 escrow, zero payments made – your loss per month figure will depend on your loan details.
