

RETIRE YOUR BIGGEST PAYMENT THE SAME TIME YOU RETIRE

Thank you for your continued interest in the Biweekly Mortgage Association.

Did you know that 80% of 62 year olds still have mortgage payments? The biggest reason why people do not retire early is because they still have their largest payment to make.

If BWMA could show you a way to retire your biggest payment at the same time you want to retire, would you do it if it didn't cost you any money out of pocket?

To customize the biweekly to your needs and find out ***how you can afford to retire when you choose to***, call **1-800-248-8840** today!

Sincerely,

William Thomas – BWMA Founder
